Dear Enlightened One,

It has been another amazing year for SUM. Our vision for this last year included a continued quality of experience at our monthly World Healing Ceremonies and an increase in diversity of speakers and musical presentations. And of course our ongoing goal is to "Fill the Onion" each month with more people, joy, love, and light. We can proudly say that **this was our most diverse year ever, our highest attendance, and our most prosperous.**

Sri Raniji Dancing/Chanting
Heart to Heart Blessing

We enjoyed wonderful diversity in the exceptional speakers and ceremonial experiences this year including: Sri Raniji offering the "Heart to Heart Blessing," with Digerdoo master Phil Jones; Steven Maines, pre-Christian mystery school author with the phenomenal Faith Rivera who brought down the house; our first Honoring the Goddess Ceremony with Shama and Heaven; UFO expert Robert Potter in July; Anton Mizerak and Kim Doreen, who offered an amazing musical and ceremonial experience, and from the Shamanic Traditions, Amanda Foulger in March, and Blackfeet Elder, Ikakaaiyo in October, both of whom led us on "journeys" to untold places and both were accompanied by the amazing Wild Rose Drum Team.

People were blown away by renowned radio-show-host Vaishali at our August Ceremony (and the great news is that she will be returning in March 2010 if you missed her). And talk about diverse . . . our first Halloween traditional pagan Samhain ceremony with White Witch Morgana and High Priestess Regan was a huge success. And what I and many others attending came to understand (which I have suspected for a long time) is that **WE are pagans too.** That is if you value being in harmony with nature and honoring the sacred feminine in addition to your other spiritual beliefs. The year was topped off in December with the amazing Dr. Rev. Louise Diana and Pam Gerrand. We thank all of our wonderful speakers, musicians, and attendees from this past year, all of whom contributed to the unfolding of beauty, love, bliss, and unity through the expression of SUM.

We also had additional activities outside our normal ceremonies, a food drive to support those who are holding the presence of a changing world with the experience of needing food; our first annual Earth Day Hike; and our first annual Beach Party Campout with drum circle and meditation. Another of our ongoing visions is to **foster a greater sense of community for those who attend our monthly ceremonies.** These extra activities were a big step in anchoring this vision.

Heaven
Honoring the Goddess

We had the most unusual visioning meeting for 2010, as we didn't come up with our usual revolutionary ideas of how to continue to evolve the monthly ceremonies, because we realized that what we have been doing *is working magnificently!* So our intention for this year is to "stay the course," hopefully bringing new energy to that phrase. We understand that what we collectively want are the highest quality speakers, musicians and meditative/ceremonial experiences from a varied background of spiritual perspectives. We feel that we have come into our own in representing the mission of Spiritual Unity Movement, **to honor, embrace, and embody the beauty in all paths that lead to the experience of The One Source.** We thank you for your support and participation in expanding this mission.

We have named 2010 the *Year of Compassion* for SUM and we are committed to this theme being reflected in all of our activities. Our visioning always takes into consideration the world need, and our sense is that **compassion is the most important quality for us to embody during these times of global change and opportunity.**

We have the most exciting starting line up of speakers and musicians in our history for the coming year. Below is what we have planned so far for 2010. See the enclosed calendar for all the events including our now annual Food Drive, Earth Day Nature Spirit Hike, and Ceremonial Beach Party Meditation/Drum Circle/Campout.

High Priestess Regan
And Hubby Pan (for the night)

I know you will be drawn to join us in 2010 for our monthly ceremonies. And with this fantastic lineup, I want to remind you of what you already know if you have attended our ceremonies, the highest value is in the ceremony and meditation that continue to become richer in our evolving service.

We so appreciate your support and presence in united global healing and transformation. Globally linking up at the time of the full moon with united intention is a consistent spiritual practice for us. We invite you to join us in this practice by making your attendance at these events a priority in your life, not only because we have great speakers, live music, and meditations, but to **consistently lend your energy to united intention for global healing and transformational shift.**

We are also grateful for your financial support and offer a request. If you are tithing a percentage of your income to charity (or even if you aren't), **we ask that you earmark some part of your tithing for SUM.** We are a 501c3 non-profit organization and all donations are tax deductible. Our heartfelt thanks to those of you who have been tithing (whether large or small) regularly. There is no more powerful statement of appreciation for our efforts. Your contributions support us to continue expanding our monthly ceremonies and to do our part to educate about the transformational power of united meditation.

May your highest visions be fulfilled!
